

## THE NEWS

Well, that's a pissar. Isn't it, doc? I have six weeks to live? The first thing. The very first thing that comes to my mind is - why is it so hard to die? It's been coming. I just didn't completely know. I just couldn't put my finger exactly on it. I don't feel well. Yes. Yeah. That's what I want on my grave marker - quote "I kept telling you I was sick". Or maybe I want the words to say " I am a man of no convictions - at least I don't think I am". Or maybe I should say - oh shove it. I'm dying. I'm singing my swan song. I'm moving to happy happy land. I just have one question, doc. How do I tell this to my six year old only child? Huh? Huh? Yeah.
